TRI-STATE—4154

No. 4154—An atmosphere ordinarily found in a home of much larger size is given in this unusually compact and livable home. Co-ordination of design is especially emphasized with the attached garage, and its modern three-section overhead type door; and the pleasing detail of the entrance doorway, all combined with just the right touch of color, given between ornamental blinds shown across the front of the house. This home has a floor plan arrangement providing room exposure, convenience and modern arrangement, including those items of kitchen detail.

For ALL Home Minded
Veterans of World War II
U. S. A.

Dear Friend:

You need a HOME for your wife or other dependents. As a Veteran like yourself, who has served his country well during the World's worst castastrophy recently WON by the Forces of Good, it is with pleasure that I announce my plans for aiding you in procuring a Home of your very own. By so doing WE will be aiding all the American People to WIN the PEACE.

The following services are offered you:

1. Plans of Homes as described in this literature.
2. Complete Services to Build you a Home including lot or on property you now own or purchase in advance.
3. Consultation services by mail only on your Home Building problems.

Naturely the above services are for a limited sale to start because the writer has but one pair of hands. My prices are reasonable since I can only eat three meals a day, wear one suit of clothes and live under one roof at a time. We BOTH are in the same boat.

Study the information contained on the following pages carefully and decide NOW to ACT in a right way by ordering what you need at ONCE. An order form and self addressed envelope is enclosed for your convenience. My generous GUARANTEE protects YOU and YOUR FAMILY.

Sincerely,

ROBERT SHEPARD HALE*
